

**The European Forum
on Electronic Signature**

the largest conference
on electronic signature
and PKI in Europe.

Submit your presentation proposal
or apply for participation in the conference!

Looking for best practices?
You have to be there!

***Meet world-class specialists, suppliers and PKI users,
and take an active part in the conference.***

Topic groups: Law, Technology, Applications

- ◆ If you are interested in PKI- and electronic signature-related applications,
- ◆ If you are looking for new contacts and opportunities,
- ◆ Or you would like to present an interesting case study,

this conference is for you!

Sample topics discussed during earlier conferences:

- ◆ e-Signature in Europe and worldwide - cross-border information exchange.
- ◆ New standards and norms as tools for the practical implementation of incoming EU Regulations.
- ◆ European e-Signature Validation Services – existing models and perspectives for the future.
- ◆ Activities related to Signature Creation and Validation and Trusted Service Providers (TSP) supporting eSignatures.
- ◆ Mobile Signature.

Previous edition attracted more than 130 people from 20 countries. Among the participants there were representatives of the European Commission and Technical Committee of the European Telecommunication Standards Institute (TC ETSI), The United Nations Commision on International Trade Law (UNCITRAL), government offices and agencies, producers of software and hardware solutions, and certificate authorities providing services related to electronic signature, including:

Luca Castellani - Secretary, Working Group IV (Electronic Commerce), Secretariat of the United Nations Commission on International Trade Law (UNCITRAL), Austria

Andrea Servida - "Head of the Task Force,"Legislation Team (eIDAS)", Belgium

Anton Karpov - Yandex, Russia

Volker Reible - Solutions & Projects Large Scale Project Management, T-SYSTEMS INTERNATIONAL GMBH, Germany

Devrim Unal - Senior Researcher/Systems Engineer, TUBITAK BILGEM-UEKAE, Turkey

We invite speakers interested in giving a lecture during the 15th EFPE Conference to send the titles and abstracts of their presentations.

We invite the following people for participation:

- ◆ CTOs and representatives of IT Companies, in particular those operating in the field of integration of public administration systems,
- ◆ IT Specialists and Officials responsible for informatisation of the public administration sector,
- ◆ Representatives of Certificate Authorities,
- ◆ Representatives of companies operating in the Cloud Computing and e-Commerce markets,
- ◆ Representatives of the scientific community and standards institutes,
- ◆ Representatives of the Financial and Banking sector,
- ◆ Representatives of Power Engineering, Transport and Telecom companies,

- ◆ Independent IT Specialists,
- ◆ Representatives of companies and organisations dealing with Information Safety and Security.

We invite speakers!

We invite distinguished IT specialists, representatives of public bodies and independent experts dealing with data safety and PKI. We also invite representatives of the scientific community and representatives of standards institutes wanting to shed light on new global technologies.

We expect our speakers to give lectures and/or workshops relating to state-of-the-art technologies, as well as legal and organisational changes.

Main objectives:

- ◆ Providing our participants with reliable knowledge and information pertaining to the newest trends, development, and already-existing solutions in terms of Public Key Infrastructure,
- ◆ Popularisation of services related to electronic signature within the EU Community and worldwide,
- ◆ Development of customisation plans for solutions and ICT systems implemented globally,
- ◆ Creation of an attractive platform for the promotion and exchange of business and commercial information between institutions and companies (Financial & Banking, Power Engineering, Transport, Telecom, and IT sectors in particular) and organisations dealing with Information Security.

Join the group of speakers or apply for participation.
